Product Change Notice

NB800 Product Update

Summary

On 1st of September 2020 and 15th December 2020 NetModule introduced new NB800 features and additional modem options. The product variants NB800-LWWtScSu and NB800-WWtSu were not included at that time. Now, effective 1st November 2021, these variants are replaced.

Affected Products

The following NB800 variants will be replaced. Please note that NB800 Rev. B02 product variants are supported with NRSW 4.4 (and later).

NB800 Rev. A (Discontinued)		NB800 Rev. B02 (Replacement)
