Corporate Design

## Summary

Effective 30<sup>th</sup> of November 2022 NetModule is starting to change the corporate design (CD) on our products. Following the acquisition of NetModule through Belden earlier this year, we are now adding the Hirschmann logo to our products. Hirschmann is a strong Belden brand with worldwide recognition.

There is no impact on the technical product functionality.

## Affected Products

- Routers & Gateways: NG800, NB800, NB1601, NB1800, NB1810, NB2800, NB2810, NB3701, NB3800. Additional logo on housing and type label
- Software: NetModule Router Software, NetModule Connectivity Suite.

## Unaffected Products

- Accessories
- ES3300 Switch

## Transition Phase

### Routers & Gateways Hardware

- Will be migrated to the new corporate design starting 30<sup>th</sup> of November 2022. From this date, devices may be shipped in the new design.

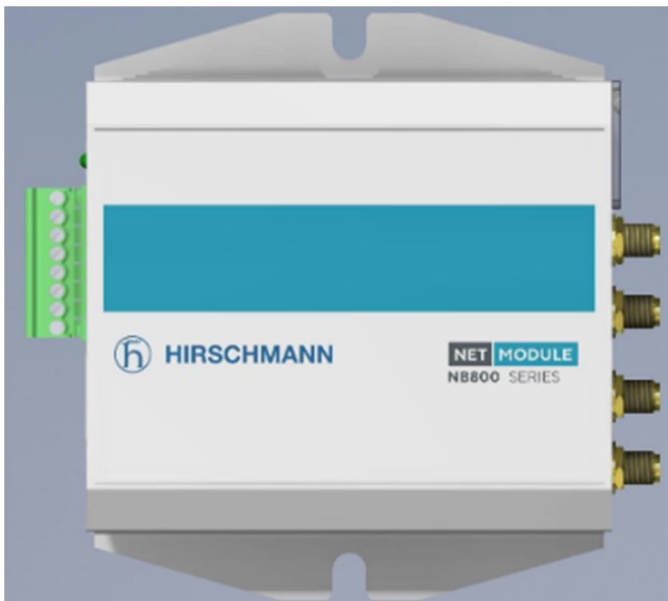

### Software

- NetModule Router Software (NRSW) and NetModule Connectivity Suite will be updated with the additional logo as soon as possible following the regular release schedules.
