## Product Discontinuation Notice –Wall Mount Power Supply Portfolio

Dear Valued Customer,

This letter serves as your formal notification that Belden is discontinuing the following Hirschmann products from the **Wireless Accessories product portfolio**, effective 2025-08-20.

In order to meet the latest market and technology trends, Belden is constantly developing innovative and high-quality products and variants that complement and optimize our existing portfolio. Every product has a defined life cycle, and our products are typically characterized by a very long availability on the market. However, product discontinuation becomes inevitable over a period. For example, components in these products may be difficult to obtain or may no longer be available on the market.

**Belden has a limited stock** of these products to meet demand until the last delivery date. You can find the affected products in the attached list. We have a range of DIN-Rail mounted power supplies available as **alternatives from the RPS series<sup>1</sup>**. These power supplies are usually more efficient and provide more power.

The standard warranty terms apply to all products delivered up to the last delivery date. For more information on Belden's Long Term Product Support Policy for Industrial Networking products, please visit [Long Term Product Support \(LTPS\)](#). You can find an overview about our product change notices (PCN) and product discontinuation notices (PDN) at <https://www.belden.com/ltps>. Active special contracts in place prior to the announcement date will be honored according to the terms of that contract, with regards to product availability, warranty, or support terms.

### Discontinuation Milestones – for selected Hirschmann Wireless Accessory products

Milestones	Date
Discontinuation Announcement Date	2025-08-20
Last Order Date	December 31, 2025
Last Delivery Date	June 30, 2026
Last Service Date	June 30, 2028

Final orders can only be accepted on or before the last order date and are subject to the availability.
