Ref: PDN_NB800_NB1601_NG800_Lg_Lbb_20240222

Date: 22nd February 2024

Product Discontinuation Notice

NB800-Lg and NB800-Lbb

NB1601-Lg and NB1601-Lbb

NG800-Lg and NG800-Lbb

Summary

Effective 22nd February 2024, NetModule will begin the replacement process for the u-blox TOBY-L280 cellular modem, identified as "-Lg", and the u-blox TOBY-L200, identified "-Lbb" in the Order Codes of the NB800, NB1601 and NG800 product families. These components have reached their end-of-life stage with very limited availability. These products will be succeeded by the new "-Lj" Order Codes, maintaining the same feature set, except for CSFB functionality.

Affected Products and Recommended Replacements

All product Order Codes of NB800, NB1601, and NG800 bearing the suffix "-Lg" or "-Lbb" will be phased out and substituted with Order Codes "-Lj".

Please check our [website](#) for more information or contact your NetModule sales representative for specific product variant replacements.

Key Dates

The discontinuation of these order codes will take effect on February 22nd 2024, with consideration given to existing stock. We are working with high urgency on making the new "-Lj" Order Codes available as fast as possible.

Warranty Information

The warranty remains in effect for all products affected by this discontinuation notice. If replacement is required as part of warranty coverage, the affected units will be replaced with the currently supported models free of charge. The original warranty end date will apply to the new replacement unit in this case.

Product Change

The following LTE features comparison table show the changes introduced by the transition to the new modem.

Lifecycle Status	Replacement	End-of-Life	End-of-Life
Region	Global	APAC	NA
Order Code	“-Lj”	“-Lg”	“-Lbb”
Type	u-blox LARA-L6004D	u-blox TOBY-L280	u-blox TOBY-L200
Modem Type	LTE Cat. 4 Modem 2 x 2 MIMO	LTE Cat. 4 Modem 2 x 2 MIMO	LTE Cat. 4 Modem 2 x 2 MIMO
Data rates (max) downlink / uplink	150 Mbps / 50 Mbps	150 Mbps / 50 Mbps	150 Mbps / 50 Mbps
